

# DISSERTATION RESEARCH METHODOLOGY SUPPORT

Structured. Academic. Supervisor-Ready.

Designing a strong research methodology is a critical part of any Master's or PhD dissertation. A well-structured methodology explains how your research will be conducted, how data will be collected, and how results will be analysed.

## WHAT IS A RESEARCH METHODOLOGY SECTION?

A research methodology explains the systematic approach used to conduct your research, including:

Research design

Qualitative /  
Quantitative / Mixed  
methods approach

Data collection  
techniques

Sampling  
methods

Data analysis  
strategy

Ethical  
considerations

A strong methodology demonstrates research reliability, validity, and academic rigor.

## OUR STRUCTURED METHODOLOGY DEVELOPMENT PROCESS

### RESEARCH DESIGN ALIGNMENT
