

PHD Research Plan

PhD & DBA Doctorate Dissertation Research Planning & Consultation Help

Obtaining a successfully PhD Degree is time consuming process as it would take a minimum of 3 years to maximum 6-8 years. Yet timeline depends on the various factors including supervisor, scope of the topic, methodology chosen (e.g. data collection) and university regulations. Therefore, there is a need to develop a PhD research plan with realistic goals that can be achieved in the given timeframe within the first year after registration. However, PhD Student / scholar must remember that the goal of the project and the work plan /schedule should be aligned between the PhD student and PhD supervisor (s).

PhD dissertation Research plan according to your university guidelines

PhD Research plan should be approximately 5-10 pages. At Tutors India we help to develop the research plan that would consists of research

task, content oriented framework, time frame and scope of research work. We help you to present the research plan to the supervisor, followed by defended to an examination board and finally to the doctoral committee to the department.

Primary or secondary research

We deliver dissertation research proposal that utilized either primary or secondary research or using secondary research only. If you have given a choice of primary or secondary, we would strongly recommend primary than secondary, as it offers some insights on the originality. Although its time consuming, it is worth contributing something unknown to the research repository.

Qualitative or Quantitative or triangulation

We completely aware that courses vary in terms of research methodologies. Hence our subject matter expertise would advise choosing the right methodology based on the research questions and problem statement that you had identified,

or they would enable to identify the right one for you.

Specific Dissertation

Our dissertation proposal writing services also include economic research, operational research, coding & algorithm, software development, programming, systematic review, meta-analysis as part of your dissertation requirement.
